

Report of the Leinster Master's Committee; Season 2017 - 18 Leinster AGM, May 2018

The Leinster Masters Committee is responsible for selecting teams for the Inter-provincial events at O40 & O50 levels.

There was a delay to initiating selections this season in relation to personnel changes on the committee. This led to some learning and action points for next season.

Both teams competed against a very strong Ulster contingent in the Inter-Provincial event in Baldoyle in April.

The O40 team lost 8 – 3 on the day, but that score line could easily have been 6 – 5 in Leinsters' favour as 3 of the mixed went against us in the final game.

The O50 team lost 9 -2 but again several matches were tight three game encounters; notably Bryan Duggan was unlucky not to go to 3 losing his game 27 25, 25 23.

There were some difficulties in selection relating to clashes of the inter-provincials with the U18 trip to Nottingham which some eligible masters were travelling with. A key aim for the committee next season is to recruit more members earlier in the season; and to increase the participation of Leinster in Masters Events with a view to increasing our selection pool.
