

Masters Report 2020

In common with all other tournaments and leagues COVID-19 resulted in Masters competitions being non-events.

Before this though, we had the Leinster Masters in November followed by the Ulster Masters at the end of January and the Nationals in January and February.

All of these tournaments are very important as players go on for selection for the Eight Nations and Interprovincials both of which unfortunately were cancelled.

Badminton Ireland are hoping to have the Interpros sometime in October or November. We will look forward to playing them when the time comes.

Alas, the Irish Open also succumbed to the COVID restrictions.

Thanks to the Masters Working Group - Seamus Halpin, Imelda Breen, Joe Wright, Breda Connolly, and Fran Walsh for their efforts.

Thanks also to Leinster Branch for all the help provided throughout the season.

Breda Connolly
